## DECORATION TECHNIQUES

---

**EMBROIDERY**

**SCREEN PRINTING**

**HEAT TRANSFERS**

## ESSENTIAL PRODUCT INFORMATION

---

### TIPS FROM OUR EXPERTS BY DECORATION TECHNIQUE

---

#### **EMBROIDERY**

Embroidery is the art of embellishing a piece of apparel with a needle and thread or yarn creating stunning visual representations of various types of art. This is achieved by converting logos in a digitizing software and using various stitch patterns, angles, density and stitch types to create depth, movement and detail. Thread can be made from many materials. The most commonly used threads are polyester and rayon. There are also options such as metallic, cotton, nylon, silk and even Nomex thread for fire resistance. Embroidery has a very high-perceived value and is popular for use on most apparel, bags, hats, luggage, blankets and more!

**Follow your standard equipment and consumables guidelines for this product and fabric.**

#### **SCREEN PRINTING**

An imprinting method in which the image is transferred to the fabric. Ink is squeegeed through a stenciled screen stretched over a frame and then cured in a dryer.

**Follow your standard equipment and consumables guidelines for this product and fabric.**
